HOW UNCLE SAM ESCAPED LOSS.

Washington, March 31.—Treasury officials recall with satisfaction, in view of recent disclosures, that only two weeks ago the Secretary of the Treasury decided that the government could not in any way recognize warehouse receipts as being in the purview of the customs authorities. It is now stated that \$300,000 of the forged warehouse receipts are in circulation, and if the government had recognized them it would now be partly responsible for them. Much pressure has recently been brought to bear on the Treasury Department to that end.

THE NEWSPAPER EXPRESSIONS.

The Journal Des Debats (Conservative Republican) and the Kepublican Siecle both protest against a patched-up ministry. The Petit Journal (Liberal Republican) and the Republican Voltaire demand immediate dissolution of the Chamber. The Radioal Lanterne says that dissolution is impossible before the Senate gives way to the Chamber in regard to the budget.

The Republique Français (Republican) says that if the Cabinet had challenged a direct vote of confidence it would have suffered defeat by a bundred votes. The Republique Français adds: "There is every sign that the crisis will be long and the solution difficult."

GENERAL ELECTION SITUATION.

In the regular course of events general elections would be next held in September. President Carnot, however, has the right to dissolve the Chamber of Deputies at any time upon the advice of the Senate, and the comments of the newspapers indicate a strong public sentiment in favor of dissolution.

Dr. R. C. Flower, of Boston, will visit Richmond on the following days: At Exchance Hotel, Richmond, Va. Wednesday, Thursday, and Friday, April 12th, 13th, and 14th.

Dr. Flower has hundreds of patients in Washington and Virginia, and the crowds that gather to consult him at his stopping-places remind one of the gathering of a convention. Dr. Flower treats chronic diseases only, but these he treats with marvellous skill. His patients come for hundreds of miles to see him and bring their sick neighbors in large numbers.

We published a short time ago a long list of testimonials from prominent men and women of the South testifying to Dr. Flower's almost miraculous cures of Cancer. Consumption, Paralysis, and Merve Troubles. It is claimed for Dr. Flower that he can tell any person his trouble without asking any questions, and that he possesses every facility that money and skill can give for curing the sick. At any rate, this will give readers an opportunity to consult this distinguished Boston physicia.
